June 30, 2015

INDEPENDENT AUDITORS' REPORT

To the Board of Directors of
Aging in New York Fund, Inc.

Report on the Financial Statements

We have audited the accompanying financial statements of Aging in New York ("ANYF"), which comprise the statement of financial position as of June 30, 2015, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the organization's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the organization's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Aging in New York Fund, Inc. as of June 30, 2015, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited ANYF's 2014 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated May 1, 2015. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2014 is consistent, in all material respects, with the audited financial statements from which it has been derived.

AGING IN NEW YORK FUND, INC.
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2015

Note 1 - Organization

The Aging in New York Fund, Inc. (“ANYF”) is dedicated to enhancing the quality of life for older New Yorkers and their families. ANYF’s vital efforts are to create an age friendly New York focus on maintaining NYC’s status as the best place to grow old, identifying cutting edge innovative pilot programming to fill critical gaps in the aging services continuum, and providing fiscal and administrative support to other NYC non-profits.

The Internal Revenue Service has determined that ANYF is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code. They have not been designated as a private foundation.

Note 2 - Significant Accounting Policies

a. Basis of Accounting

The financial statements of ANYF have been prepared on the accrual basis of accounting which is the process of recording revenue and expenses when earned or incurred, rather than when received or paid.

b. Basis of Presentation

ANYF reports information regarding its financial position and activities according to the following classes of net assets:

- *Unrestricted* – represents all activity without donor imposed restrictions as well as activity with donor imposed restrictions that expire within the same period.
- *Temporarily restricted* – accounts for activity based on specific donor restrictions that are expected to be satisfied by passage of time or performance of activities.
- *Permanently restricted* – represents those assets, which have been restricted by the donor and must remain intact, in perpetuity. There are no permanently restricted net assets at June 30, 2015 and 2014.

c. Revenue Recognition

Contributions are recorded as unrestricted, temporarily restricted, or permanently restricted support, depending on the existence and/or nature of any donor restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restriction. If a restricted donation is satisfied within the same period it has been received, it is recorded as unrestricted.

Conditional contributions are recognized when the conditions on which they depend are substantially met.

Grant awards are classified as refundable advances until expended for the purposes of the grants since they have traits that bear a closer resemblance to exchange transactions (purchase of services).

d. Cash and Cash Equivalents

ANYF considers all liquid investments with an initial maturity of three months or less to be cash and cash equivalents except for cash held with an investment custodian for long-term purposes.

e. Concentration of Credit Risk

Financial instruments that potentially subject ANYF to concentration of credit risk consist of cash, money market accounts, and investment securities which are placed with financial institutions that management deems to be creditworthy. At year-end and at various times throughout the year, balances were in excess of insured amounts. However, ANYF has not experienced any losses due to bank failure.

The market value of investments is subject to fluctuation; however management believes that the investment policy is prudent for the long-term welfare of ANYF.

f. Grants Receivables

Grants are recognized when they are considered unconditional in nature and are recorded at net realizable value if due in less than one year. At June 30, 2015 and 2014, all outstanding receivables are due within one year.

Management has reviewed all outstanding receivables for collectability and has determined that no allowance for doubtful accounts is needed.

g. Property and Equipment

Property and equipment purchased that exceed predetermined amounts where ANYF retains title and that benefit future periods are capitalized at cost, or if donated, at the estimated fair value at the time of donation. Depreciation is charged using the straight-line method over the estimated useful life of the asset, which is typically five years.

h. Fair Value Measurements

Fair value refers to the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date.

i. In-Kind and Donated Services

In-kind contributions are recognized in circumstances where services create or enhance non-financial assets or require specialized skills, are provided by individuals possessing those skills and would typically need to be purchased if not provided in-kind. (See Note 7 for further details.)

Donated materials are recorded at fair value at the date of donation.

Many volunteers, including board members, provide service in support of ANYF's mission. Those services have not been recognized on the financial statements because they do not meet the criteria outlined above.

j. Management Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

k. Expense Allocation

The costs of providing various programs and other activities have been summarized on a functional basis in the financial statements. Accordingly, certain costs have been allocated among the programs and supporting services benefited. Management and general expenses include those expenses that are not directly identifiable with any other specific function but provide for the overall support and direction of ANYF.

l. Contingencies

Government contracts are subject to audit by the grantor. Management does not believe that any audits, if they were to occur, would result in material disallowed costs, and has not established any reserves. Any disallowed costs would be recorded in the period notified if it is probable that a liability has been incurred.

m. Accounting for Uncertainty of Income Taxes

ANYF does not believe its financial statements include any material, uncertain tax positions. Tax filings for periods ending June 30, 2012 and later are subject to examination by applicable taxing authorities.

n. Summarized Comparative Information

The financial statements include certain prior-year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with ANYF's financial statements for the year ended June 30, 2014, from which the summarized information was derived.

o. Subsequent Events

Management has evaluated for potential recognition and disclosure events subsequent to the date of the statement of financial position through April 8, 2016, the date the financial statements were available to be issued. No events have occurred subsequent to the statement of financial position date through our evaluation date that would require adjustment to or disclosure in the financial statements.

Note 3 - Investments

Investments are recorded at fair value. Accounting standards establish a fair value hierarchy giving the highest priority to quoted market prices in active markets and the lowest priority to unobservable data. All investments were measured using Level 1 inputs, which are the quoted prices in active markets for identical assets.

The following summarizes the composition of investments:

	<u>6/30/15</u>	<u>6/30/14</u>
Money funds	\$198,109	\$197,734
Mutual funds – US Treasury	<u>25,007</u>	<u>25,604</u>
Total	<u>\$223,116</u>	<u>\$223,338</u>

Level 1 investments are valued at the closing price reported on the active market that they are traded on.

Investment income consists of:

	<u>6/30/15</u>	<u>6/30/14</u>
Unrealized loss	(\$245)	(\$244)
Interest income	<u>765</u>	<u>733</u>
Total	<u>\$520</u>	<u>\$489</u>

Note 4 - Fixed Assets

Fixed assets consist of:

	<u>6/30/15</u>	<u>6/30/14</u>
Furniture, fixtures, & equipment	\$46,917	\$41,967
Less: accumulated depreciation	<u>(35,667)</u>	<u>(33,867)</u>

Note 8 - Significant Concentrations

ANYF received one large government grant from New York State Office for the Aging that totaled \$1,100,886. This represents approximately 59% of total public support and revenue for the year ended June 30, 2015. Additionally, ANYF contracted with one sub-recipient to perform services for this grant. Total expenses incurred were \$814,176, which represents approximately 45% of the total expenses for the year.
